Hi Laura - Are you typing the access code (the first one) or copying and pasting from the email?

I tried both the access code from the no reply email that you sent: 8771a02a43dc46d081f

and when that didn't work I tried to one from the account set up email I got when I set things up which was:
be279959d4d3

And when that didn't work I went for the Hail Mary and tried the PIN you had sent: c4eed

Are you using the access code from the most recent email? If yes, what is the code?

Sorry to bother you again. I got the account all set up and made it to the new A2A login page, but when I put in the access code from the setup email it says that it is incorrect. Any ideas?

Yes, you will still be using the old system until the new contract is awarded.

Ok thank you I will get that set up today.

I just want to double check that you are still wanting us to put the december billing in the old system since the new grant year hasn't started yet?

Hi Laura,

Your codes have probably all expired by now, so I went ahead and sent you a new access email. You will need to use the most recent email's codes. Your PIN is c4eed

If you need any help, please feel free to call me.

Thanks,

Emily Kraft

Hi Emily -

I was just noticing that I don't think I have received my PIN yet to test out the new system? I know we've had some holidays in the in between so if I just need to be more patient I can do that!

Thanks
Laura
